

Carrara Stakes Winner

Carrara is the latest of Elvstroem's progeny to fire to stakes level with a fine Win in the Doomben Slipper (Listed).

This follows a fine third in the Blue Sapphire Stakes at Caulfield prior to leaving for Queensland. And subsequent of the victory in Queensland Carrara made creditable seconds in further listed and group company.

We had just visited this fine little Elvstroem at Caulfield and he was resting before getting ready to head to Queensland for the winter carnival up there. Tony Vasil has been very happy with his little Elvstroems with the city winner Dorsoduro a few more in the stable ready to fire.

There have been many other fine results for Elvstroem aswell with Viv Las and Viking Legend among the other citywinners so far and more recently the Bendigo winner London Ink.

And we're sure that at sometime soon the talk will be about the developing Tornado Class (TC) with Robbie Griffiths.
